

UKRAINIAN AND POLISH SPATIAL DEVELOPMENT EXPERTS PLATFORM

*Committee for Spatial Economy and Regional Planning, Polish Academy of Sciences
Institute of Geography National Academy of Sciences of Ukraine*

The platform is established on the basis of Statement of the Committee for Spatial Economy and Regional Planning PAS and the Institute of Geography National Academy of Sciences of Ukraine, signed on 13.09.2022.

The platform aims to promote sustainable spatial development in Poland and Ukraine providing research and advisory support within relevant fields.

The main tasks are to:

- strengthen cooperation between researchers from Poland and Ukraine, including the support of research groups within the process of projects submission;
- provide advisory support for the development and updating of Ukraine's state planning documents on the way to European integration, taking into account war and post-war challenges;
- deliver Polish experience in the field of regional and local development to be considered and adapted in Ukraine;
- conduct joint workshops dedicated to the most urgent issues of spatial development in Poland and Ukraine;
- promote capacity building and cross-border cooperation;
- prepare joint publications regarding discussed issues.

Initiatives:

- Special issue of Ukrainian Geographical Journal (#4, 2022) – “Territorial dimension of development policy under the conditions of crisis and reconstruction. Experience of Ukraine”
- Development of an experimental GIS for spatial assessment of environmental degradation of Ukraine as a result of Russian aggression and substantiation of measures for its restoration (2023-2024)
- Map Workshop in the field of spatial development
